British Decimal Air Mail Letter Rates to Zone B

Underlined rates are illustrated in the exhibit. The last column lists covers at higher than the third weight step. The weights for these covers are in the corresponding footnotes. The number of entires in the columns under Postage indicate the number of steps in the postage scale. Blank entries indicate that postage and extra unit of weight are the same as the previous column. When only 7 ½ p is shown the rate is 7 ½ p per half ounce.
